

# Monster

## Beyond Unbroken

Tell me what you wanna know  
I'm walking down this empty road and spinnin'  
Only I can take control  
But I'm a slave to this animal

Tell me what you wanna hear  
Chained to thoughts of having you in fear  
Feelin'  
Feelin'  
Paranoid  
Only noises in my ear

You can call (call, call) me a monster  
I can see you running away  
(I can see you)  
Take what you want from me  
You know we've been looking, waiting, watching you be

Try to make it through the night  
Full of blood, and I'm not done  
You're thinkin'  
You can try to run and hide  
But it's only you and I

I've become an animal  
Out of the cage  
Free of the chains that held me  
I just wanted you to know  
That I've always had control

You can call (call, call) me a monster  
(You can call me)  
I can see you running away  
(I can see you)  
Take what you want from me  
You know we've been looking, waiting, watching you be

Watch out  
Watch out  
(Away)

Watch out  
Watch out  
(Away)

You can call me some kind of monster  
(You can call me)  
I can see you running away

I can see you

You  
Can  
Call me a monster  
I can see  
You running away
