

# Oceans

Beyond Unbroken

Tell me your love  
Finding the time to stay  
Fall back to mistakes  
Never seeing grace

Fucked up  
(Fucked up)  
Running from the pain  
Pour shots  
(Pour shots)  
Like I'm on parade

One, two, let me go  
I can't remember when you  
Walked right out the door  
Every night, I tell myself  
Not to lose control

Girl, just tell me why  
Those feelings felt so right, yeah

Like the oceans  
Taking me over  
I can feel you  
Leaving me empty  
Destroy me, don't wanna run astray  
Open-ended, never a place to stay

(Like the oceans)  
(Like the oceans)

Feeling heavy under all this weight  
(Bring it back)  
Girl, help me elevate  
(Feeling gassed)

One, two, let me go  
I can't remember when you  
Walked right out the door  
Every night I tell myself  
Not to lose control

Girl, just tell me why  
Those feelings felt so right, yeah

Like the oceans  
Taking me over  
I can feel you  
Leaving me empty  
Destroy me, don't wanna run astray  
Open-ended, never a place to stay

Holding on, keep on holding on  
All alone, keep me from insanity  
Oceans taking me over  
I can feel you  
Leaving me empty

Swimming under all these bones  
Broken promises to take me home  
This regret keeps me feeling whole  
These chemicals coming back for more

I just wanna  
Keep on feeling

Oceans taking me over  
I can feel you  
Leaving me empty  
Destroy me, don't wanna run astray  
Open-ended, never a place to stay

Holding on, keep on holding on  
All alone, keep me from insanity  
Oceans taking me over  
I can feel you  
Leaving me empty  
(Leaving me empty)
