

Under Your Skin

Beyond Unbroken

Patiently waiting for me to let you go
Seeing that you can't breathe
Is such a thrill to me
Violently breaking you down
Lead you astray
Everyone's so amused
Bright eyes to see the truth
OHHHH
I wanna' see the truth
I wanna' bury you
Bury you alive
So you can't breathe
I wanna' see your face cut up
Watch you bleed
Bury you alive
I'll crack your bones
I wanna' watch the wolves
Chew you up with me
Endlessly broken
My hands are at your throat
Liars will tell the truth
We're always watching you
Violently braking you down
Lead you astray
Everyone's so amused
Bright eyes to see the truth
Bury you alive
So you can't breathe
I wanna' see your face cut up
Watch you bleed
Bury you alive
I'll crack your bones
I wanna' watch the wolves
Chew you up with me
OHHHH
I'm violently breaking you down faster
It's such a thrill to see you beg for mersy
Patiently wait
For you here
Under my skin violently break
Patiently wait
For you here
Under my skin violently break
Bury you alive
So you can't breathe
I wanna' see your face cut up
Watch you bleed
Bury you alive
I'll crack your bones
I wanna' watch the wolves
Chew you up with me
(Chew you up with me)
I wanna' bury you
(Chew you up with me)
