

Trash

BGYO

Hello?

Hey

You and that juicy, juicy drive me crazy

I guess that's why I'm always down

Hey

Looking like that in a T-shirt is amazing

I'll let you turn my whole world upside down

I'm ready for you

I'm ready for you

I'm ready for you

I'm ready for you

I'd throw it all away for you

In the trash, yeah

Put it in the past, baby

I'll leave it if you want me to

Baby, please

I know what I need

And I could put you first

If you just say the word

I'd throw it all away for you

In the trash

Put it in the trash

Let's go

Hello?

In the trash, baby

You and me now

Couldn't pass it, baby

Give it all up for attention, baby

It's not just me that feels the tension lately

Whoo

All day

Like CK, have it your way

Come closer, I want a taste

I'll ruin my life for that cake

I'm ready for you

I'm ready for you

I'm ready for you

I'm ready for you

I'm ready for you

I'm ready for you

Let's go

I'm ready for you

I'm ready for you

Yeah

I'd throw it all away for you

In the trash, yeah

Put it in the past, baby

I'll leave it if you want me to

Baby, please

I know what I need

And I could put you first
If you just say the word
I'd throw it all away for you
In the trash
Put it in the trash

And I could put you first
If you just say the word
Say the word
I'd throw it all away for you
In the trash
Put it in the trash, uh
