

When I'm With You

BGYO

When I'm with you the world feels right
I am Batman with a Superman might
And you'll never be my Kryptonite
When I'm with you, everything's right

When I'm with you, I'm ten feet tall
Colossus and Goliath rolled into one
Stronger than the Hulk with the Iron Man smarts
You know the way to my heart

So now and forevermore I'm yours

'Cause I like who I am when I'm with you
And I like those little things that we do
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you

When I'm with you, I can reach the skies
I got James Bond wits with James Dean eyes
And you're my Darna, Wonder Woman and more
You got my heart for sure

So now and forevermore I'm yours

'Cause I like who I am when I'm with you
And I like those little things that we do
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you

Something deep inside wakes up when you are near
Make me your hero and your savior, don't you fear
Every day I feel brand new and I know that this is true
And it's all because of you

'Cause I like who I am when I'm with you
And I like those little things that we do
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you

'Cause I like who I am when I'm with you
And I like those little things that we do
Baby, nothing in this world compares, this feeling is true
And I like the way I am, baby, when I'm with you
