Bhavi

Sunshine  
Need you again baby girl  
Between them legs baby girl

Make you come twice in a time, ey  
Got you feeling so divine, yeah  
Can not believe u's so fine-n

I don't know if she bonita  
I just know that she on pay time  
I just want some of that on me  
I just want some of that sex time, mujer  
Feel what I'm feeling? Yeah, feeling alone  
Hitting the bitch with my dick  
And that bitch me looking like she gone with the throne  
I be in love with the bitch  
Hoping she be in love when I'm gone  
I'm in the need of the weed  
Andi need you really chasing it with me oh  
I never fuck with a clone  
Smoking the shit super strong  
So strong, got to sit oh  
Hold on, wow, I be feeling lil too on yeah

Every time we speak  
And my back be feeling weak  
I be looking to your seat  
And I feel the shit OG  
Every time we speak  
And my back be feeling weak  
I just know that this shits cheep  
Still I'm feeling you OG  
Every time we speak  
And my back be feeling weak  
I just know that this shits cheep  
Still I'm feeling you OG
