Isana  
Isana (Huh)  
Isana (Huh)  
(Run that back, Turbo)  
Isana

Imagine you keepin' me boxed in, obnoxious  
Will never give an opp no options, I'm locked in (Locked in)  
You're not even in top ten, respectfully (What else?)  
I pop shit, but it feel like telepathy (What else?)  
Now let off and wipe the sweat off, cold bus pass bitches  
Where the fuck you get off, ho?  
I stay in Louis, Gucci, Prada, no Gucci dada  
Hermes, Amilio, Pucci, papa, the coochie zaza  
Chupacabra to you bitches  
Cold sweats, I want everything, no less  
Came to settle my old debts  
I'm too cocky for computer copies  
The new Don (The new Don)  
And every Corleone needs a Luca Brasi

I'll be the bad guy  
Hmm, you could blame me  
See me right sittin' in my seat (Sittin' in my seat)  
Guess I'll be the bad guy  
Hmm, thought that you was me (That you was me)  
That was lies comin' out your teeth  
Guess I'll be the bad guy  
Since they expected me to play my part  
No, they don't wanna start a war with artist  
I guess I'll be the bad guy  
So don't end up on my bad side (So don't end up on my bad side)  
'Cause I look better as the bad guy  
Huh

You ain't talkin' money, dummy, mi no habla  
La fantasma, I'm Joey Zasa at the Piazza  
Like Christopher, walkin' on this shit like I missed the bus  
Really slidin', y'all cap, I'm psilocybin  
Bravo, bitch, tato  
Reposado right beside me in the black Tahoe  
Now you're speakin' to the Puerto Rican castellano  
Take a pic, these hoes get a little money and make a fist  
Frugal bitch, villainous, bad guy, no Mitch  
I'm no snitch, Heath Ledger in that all-black six  
I'm that bitch, get a grip, you drop the ball, let it slip  
Pack it up, I'll pick it up like swish  
Yeah

I'll be the bad guy  
Hmm, you could blame me  
See me right sittin' in my seat
