

DUBAI

Bia

Yeah
{Grrt}
{Mm-mm}
Uh
BIA, BIA
Uh
(Aziz)

Stand for nothin', fall for anything, have some discipline (Mmm)
Jesus walks with me like Kanye, I'm so Christian (Yes)
I think I want a flat in London, that's so fitting (That's so fitting)
Prayed to God for the life I have, this shit was written
Brand new AMG Mercedes comes with ribbon
This art just came commissioned
Can't compromise my vision
Mans is quiet, mans a liar, mans is fibbing
When a man switch sides up, I can live with that decision

And I don't do takebacks
If you make your bed bad, then that's where you lay at (Sheesh)
I was on they head like I did a set of straight backs
Every time I lost, doubled up everything I made back

(Grrt) Mm-mm
I was in Tate first time I met B, I said, "I'm cuffing her ASAP"
They ain't got bread, but they talk 'bout the streets, what you think me got
ta rate that?
Teenage years, on the run from police
Put your hand on my friend and you bleed
But I'd rather spend my time in Dubai cah I ain't gotta swing my shank with
the sheek
Mm-mm, swing that like Federer
The English boy just buy out the bar
Then I might go spend some time in Qatar
With Arabs
Fly Emirates first class in Palace
I ain't got time for the short embarrass
You and your guys on your arse ain't carrots
Blood, sweat, tears from the past
Snakes are hissing
Intuition
With my Smith &
Diamonds hitting
If you want Birkin, baby, listen
Start the slurping, stop the kissing
Can't believe I'm rich from prison
Cah in jail I just got nickings
I told BIA, "You must be kidding
If you think there ain't guns in Britain"
Think we won't burst the Nina (Huh)
Mm-mm, I'm from the nine, but I'm in the Burj Khalifa (Woo)
Sipping on Brandy, Moesha
When I was young, I was robbing everybody
I don't even know how I got [?] on FIFA
Got a billion streams from my dealer

And I don't do takebacks

If you make your bed bad then that's where you lay at
I was on they head like I did a set of straight backs
Every time I lost, doubled up everything I made back

Needle in a haystack
Anywhere on my side where I'm safe at
In the IG live in a Maybach
I was on the top floor, bitches never go far, I'm a superstar in the playbac
k
He just wanna see stars, where the Wraith at?
Peanut-butter seats, outside no Shake Shack
I just wouldn't waste my time in debate, need a real bitch worldwide like A\$
AP
I just wanna spend my time on a late flight
I'm in Dubai
I'm at the Burj Khalifa
I wanna get so high
I'm top five, top five
I only fly on the Emirates flight
I wanna live where the memories die
I'ma be in the vibe
Can't read my lips when I'm in a hijab, so we never did speak
I can read your mind 'cause I see your eyes say lies to me
Beggars can't be choosers, mandem always want to please
Now I got a bankroll that can stretch to seven seas

And I don't do takebacks
If you make your bed bad, then that's where you lay at
I was on they head like I did a set of straightbacks
Every time I lost, doubled up everything I made back
