

Awake

Bianca Ryan

Lost in the crowd
Will never and never be seen
Shouting out loud
Gotta find a way out of this dream

Mmm.. Cause I don't want to hide
Not from the world outside
Today my eyes are open wide

And now I'm awake
I have no fear, won't disappear
I'll still be here tomorrow
And now I'm awake
I'm feeling feel strong, I'll carry on
A thousand years and more

Maybe we try
But I'm tired I just wanna be free
Maybe I found
There's quiet people like me

Mmm.. But there's a noise within
That's where our voice begins
And there's a sound of silence

And now I'm awake
I have no fear, won't disappear
I'll still be here tomorrow
Yeah now I'm awake
I'm feeling feel strong, I'll carry on
A thousand years and more

So every step I
Take's a leap of faith
Everywhere I go I
Find my strength

And now I'm awake
Mmmm.. I have no fear, won't disappear
I'll still be here tomorrow
Yeah now I'm awake
I'm feeling feel strong, I'll carry on
A thousand years and more

Now I'm awake [2x]

Ohhh Now I'm awake
Now I'm awake
Now I'm awake
