

Hollow.

Bibi Bourelly

I don't give a fuck, baby, live it up
I ain't no saint and I ain't no judge
I don't like to fight, but I'll do it for love
I ain't finna swing on you, it's all love
And I party hard, baby, I don't stop
Do what I want if they like it or not
Let me fuckin' vibe, bob my head to the bop
I'ma fuckin' vibe, bob my head to the bop

I'm an automatic, [?]
I been through it, so I'm on auto
I'm an artist, not a supermodel
[?] got my heart, hit the fuckin' lotto
Hollow, hollow
Hollow, hollow, hollow
We don't like hollow, hollow
Hollow, hollow, hollow

Keep [?], make me soft, don't give me a choice
Spit that real, make me talk in my lil' voice
Spittin' game, give me life, give me butterflies
Talk yo' shit, look your bitch deep inside her eyes

I want that emotional reload, la-la-la
Gotta get you a fuckin' microscope
Up close and personal (Personal), ass and all
You always keep it real, baby
You givin' me chills, baby
You puttin' me in my feels, baby

I don't give a fuck, baby, live it up
I ain't no saint and I ain't no judge
I don't like to fight, but I'll do it for love
I ain't finna swing on you, it's all love
And I party hard, baby, I don't stop
Do what I want if they like it or not
Let me fuckin' vibe, bob my head to the bop
