Food fuel tool that ol'
Instinct never worked better
Kkaman nundongja ganeundaero
Domangchyeo run and dash
Faster than you have ever done
Quick saebyeogi oneun jung
Geu nugudo saranameul suga eopdaneun tteut
Swit you, you think you're so special
Then get it like a beast
Get it like a dang tiger

Armed loaded baked with the NT
Good to go gasoline diesel
Ain't a picky eater, I'm good to go
Enemies, allies run all over the system
Missing data 404, never found it

Seems like it's a possibility
Feel like I'ma win this game again
See these flawless perfect victories
Come joy witness abnormality
Seems like it's a possibility
Feel like I'ma win this game again
See these flawless perfect victories
Come, joy, witness the most reality
