

# Night Falls

Bibio

Basic, basic is the one thing we all need  
Make it, make it so I never need anything  
From the depth of the bottom of my mind  
Is the only thing that I wanted from you  
How can we touch when you're not around?  
And I long for the night time fusion  
Feels so alone without you, without you there  
Feels so alone without you

Wanna live with you when the night falls  
Wanna feel your love for the sake of a feeling  
Wanna live with you when the night falls  
When the night falls  
Wanna live with you when the love calls  
Wanna feel the warmth of your body caressing mine  
Wanna live with you when the night falls  
When the night falls

Trust me, main ingredient of this love thing is the trusting  
And I don't wanna fall out the one thing  
That could make or break this union  
I could never sleep in the night time  
Without knowing you're there  
Giving me love, giving me love, giving me love

Wanna live with you when the night falls  
Wanna feel your love for the sake of a feeling  
Wanna live with you when the night falls  
When the night falls  
Wanna live with you when the love calls  
Wanna feel the warmth of your body caressing mine  
Wanna live with you when the night falls  
When the night falls

When the night falls  
When the night falls

Wanna live with you when the night falls  
Wanna feel your love for the sake of a feeling  
Wanna live with you when the night falls  
When the night falls  
Wanna live with you when the love calls  
Wanna feel the warmth of your body caressing mine  
Wanna live with you when the night falls  
When the night falls

Wanna live with you when the night falls  
Wanna feel your love for the sake of a feeling  
Wanna live with you when the night falls  
When the night falls  
Wanna live with you when the love calls  
Wanna feel the warmth of your body caressing mine  
Wanna live with you when the night falls  
When the night falls
