

# Off Goes The Light

Bibio

Just a meaningless chore  
On a meaningless night  
There's a glow around the door  
And then off goes the light

In an ownerless hall  
On an onerous night  
There's a shadow on the wall  
And then off goes the light

Just an echoless call  
In the inkiness of night  
There's a flicker on the moor  
And then off goes the light

In a bottomless fall  
On a meaningless flight  
A reflection on the floor  
And then off goes the light

Just a meaningless chore  
On a meaningless night  
There's a glow around the door  
And then off goes the light

In an ownerless hall  
On an onerous night  
There's a shadow on the wall  
And then off goes the light

Just an echoless call  
In the inkiness of night  
There's a flicker on the moor  
And then off goes the light

In a bottomless fall  
On a meaningless flight  
A reflection on the floor  
And then off goes the light
