

## Old Graffiti

Bibio

Do it like you're trying to kiss and make up  
Oh, you treat it like old graffiti  
Oh, oh yeah  
You feel it when you fail to call her lately  
Oh, to call her baby  
You're looking like you lie to try to fight it  
Oh, you treat it like old graffiti  
Oh, ooh yeah  
She needed you to think about her lately  
Every part of baby

Acting like you're trying to kiss and make up  
Too busy like old graffiti  
Oh, oh  
You feel it when she failed to call you lately  
Oh, to call you baby  
Looking like you lie to try to hide it  
Oh, you treat it like old graffiti  
Oh, oh  
She wanted you to think about her, lady  
As her kind of baby
