

## Pretentious

Bibio

You pretend that you pretend  
You don't know that you know that you don't know that  
You pretend that you pretend  
You try hard to fake faking your smile  
Hiding your hiding place in your own home  
You will lie that you lie about lying  
You pretend that you pretend

You profess that you avow  
You were hoping that your faith is a way to hope  
You amend what you amend  
You act like you're acting to yourself  
Thriving on hiding all your precious thoughts  
You pretend that you pretend  
You pretend that you pretend
