

Zaytoven

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's

New ice on, I'm flooded

I'm flying deadly, that Glock in my luggage

Fizzle ain't trippin' 'bout nothin', no love in his heart, he a have a shootout with his cousin

Came from nothin' to somethin', I'm duggin'

Fucking, I dip, no time to be cuddling

1K the clan, no Audemar production

I don't do no resisting whenever I'm hustling

I hit the city and hit up the block

Standin' on 10, no love for cops

I made the trap house flip out and rock out

Taking my talk with this ten milly Glock

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's

Laid back, thinking I'm chilling and leaning

Yo' favorite with me, she eating up the semen

Back side, black out and turn to a demon

But that money, I chase it, I need it, I'm feigning

I pass the rock 'round, I get the ten man

This shit for life, for the join, gotta bleed in

I seen green and I put my feet in

Back then wishing for shit, I couldn't see then

Got me trippin' on 44's, this a 44, slug nose

It ain't a hood that I can not go to

.762, havin' power like Goku

I am not one of them, make me show you

Talking too much, run his mouth like a ho do

I got a bitch, but I still want your boo

Me solo, mo' money than your crew

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's

Kick back, drop 4's

No Trist, straight grove

Iced out, I'm froze, got me tippin' off 44's
