

## Dream A Dream

**Bic Runga**

I dreamed a dream  
Oh, was it real  
When all that I can do  
To wipe the wrong inside my mind  
I dreamed a dream of you

For what was here against my ear  
The sea and sky so blue  
A paradise inside my mind  
I dreamed a dream of you

Remember when you held my hand  
A moment gone so soon  
And when you're far I bring you near  
I dreamed a dream of you
