Love me
If you really do
It's never black or white
But every day we try
Oh, oh, oh, oh

Love me
If you really do
If it's written in the stars
Why does it have to be so hard
Oh, oh, oh, oh

My mind is made knowing tomorrow The road is not so long To get back where we belong Oh, oh, oh, oh

I can't speak, darling, for you But the river's not so wide To reach the other side Oh, oh, oh, oh

Love me
If you only knew
What it means to be alone
And everything that we have known
Oh, oh, oh, oh

My mind is made knowing tomorrow The road is not so long To get back where we belong Oh, oh, oh, oh

I can't speak, darling, for you But the river's not so wide
To reach the other side
Oh, oh, oh, oh

Love me
If you really do
If you really do
If you really do
