## **10 Bodies**

Tell me the name of Each of the bodies Zipped up and drained of Every drop of fluid, and I

Send love away Zipped up the bag Floated away, and I Send love away

What's in your main glove A victim's poser Now every cell's gone Semi-tarpaulin, cos I

Send love away Zipped up the bag Floated away, and I Send love away

Ten bodies are better than none Ten bodies are better than none Ten bodies are better than none Ten bodies are better than none
