

# Colour Wheel

Biffy Clyro

How do we know  
If this is getting better?  
And how very low is low?  
Separate rooms  
Separate invitations  
But we share the same void inside

How do we breathe this world alone?  
How do we survive without anyone to hold?

So don't be blinded by a colourful love  
When you're drowning in a monochrome flood  
You don't have to be alone  
Don't be blinded by a colourful love  
When you're drowning in a monochrome flood  
You don't have to be alone  
Woah oh-oh  
You don't have to be alone

Colour me in  
Colour around the spaces  
I guess when you know, you know  
Where have you been  
Confounding my expectations  
When you feel love come home

How do we breathe this world alone?  
How do we survive without anyone to hold?

So don't be blinded by a colourful love  
When you're drowning in a monochrome flood  
You don't have to be alone  
Don't be blinded by a colourful love  
When you're drowning in a monochrome flood  
You don't have to be alone  
Woah oh-oh  
You don't have to be alone

You're my colour wall  
I can't leave you exposed  
I love you to the core  
I hope you can take more

You're my colour wall  
(Colour me in, colour me in, colour me in)  
I can't leave you exposed  
(Colour me in, colour me in, colour me in)  
I love you to the core  
(Colour me in, colour me in, colour me in)  
I hope you can take more  
(Colour me in, colour me in, colour me in)

You're my colour wall  
(Colour me in, colour me in, colour me in)  
I can't leave you exposed  
(Colour me in, colour me in, colour me in)  
I love you to the core

(Colour me in, colour me in, colour me in)  
I hope you can take more  
(Colour me in, colour me in, colour me in)

You're my colour wall  
(Doubt the flood, for all of us)  
I can't leave you exposed  
(Doubt the flood, for all of us)  
I love you to the core  
(Doubt the flood, for all of us)  
I hope you can take more  
(Doubt the flood, for all of us)

You're my colour wall  
(Doubt the flood, for all of us)  
I can't leave you exposed  
(Doubt the flood, for all of us)  
I love you to the core  
(Doubt the flood, for all of us)  
I hope you can take more
