

Cop Syrup

Biffy Clyro

I've been punching rainbows since '79.
It's self preservation.
Baby, I'm scorched earth,
You're hearts and minds.
Fuck everybody! Woo!

I'm not dumb, and I'm not blind.
You don't have to be cruel to be kind.

Scream, everybody,
Scream, everybody,
Scream, everybody.

I've been saved from the darkest place.
I've embraced the need to live.

You've been hanging out for twenty years.
It's self preservation.
I cannot ignore my burning ears.
Could anybody? Woo!

I'm not dumb, and I'm not blind.
Turns out you're the lying kind.

Scream, everybody,
Scream, everybody,
Scream, everybody.
Go, go, go!

I've been saved from the darkest place.
I've embraced the need to live.
We've lived before and we'll live again.

I've been punching rainbows since '79.
It's self preservation.
Baby, I'm scorched earth,
You're hearts and minds.
Fuck everybody! Woo!
