

Iname

Biffy Clyro

I'd like to be in a bucket of pee until everything else is just
fine
you would believe what i cannot deceive until everything else i
s just mine

I am over you
i am over

I'd like to be all the love that i feel for the woman who keeps
me alive
you'd like to know what went into the home that covers me now i
'm alive

I am over you
i am over you
til the memories complete iname

i'd like to be in a bucket of pee until everything else is just
fine
you would believe what i cannot deceive until everything else i
s just mine

I am over you
i am over you
til the memories complete iname

I am over you
i am over you
til the memories complete iname

I will undo half of the things that i should've been through
i will have done everything else that you needed to do
needed to
