

## Applecart

## Big Audio Dynamite

She goes down to make breakfast  
The machine spins round  
He reads the morning paper  
On the bus to town  
Although they live together  
And they are counterparts  
Don't rock the boat  
Upset the applecart

Dreams seems so exciting  
When you're duty bound  
Working for the company  
Trying to earn a pound  
Lousy English weather  
Together yet apart  
Don't rock the boat  
Upset the applecart

Freedom  
Once upon a moment  
Flashes of sensations  
Thrill of inspiration  
Time stands still for no one  
Age is just a number  
Pages in your story  
Liaisons con amore  
So it is no wonder  
Watch the days just fly by  
Point me at the highway  
Have to do things my way  
Blowing chances bye bye  
Everything is alright  
Once upon a moment

Aaaaaah aaaaaah

The silence between them  
Makes the loudest sound  
Thinking it's the wavelength  
Turns the radio down  
They hardly know each other  
And they don't know where to start  
Don't rock the boat  
Upset the applecart
