

# Get It All From My TV

Big Audio Dynamite

"You know, we hear a lot about interactive television, but..."

"This is the newest channel"

"I don't think it's gonna take many American soldiers being killed"

"Does night follow day? Does winter follow summer?"

"And now"

"What are you doing?"

"Ha ha ha!"

"How many times you can turn on the TV, wondering, just what am I watching?"

"What the heck is on?"

One, two, three, four!

Now I'm back at home I'm pissed  
Think of all the things I've missed  
Blossoms and wisteria twist, wohoh  
The power of my stain clenched fist, wohoh

Now my head is back in bits  
Muggy bonehead bleedin' twits  
I'm depressed with laughter fits, wohoh  
The beauty of my girlfriend's tits, wohoh

Now depends on what you see  
I get it all from my TV  
I tuned it in so it's blurry  
But it's good enough for me

Now my calls are intemised  
Called before I realised  
Did my thinkin' with my flies, wohoh  
Filet 'o fish and fries, wohoh

Now back on the road to hell  
Don't you know the feeling well  
Who is lying I can't tell, wohoh  
Dangerous but ain't life swell, wohoh

Now depends on what you see  
I get it all from my TV  
I tuned it in so it's blurry  
But it's good enough for me

Now depends on what you see  
I get it all from my TV  
I tuned it in so it's blurry  
But it's good enough for me

Now don't go taking liberties  
I hate my insecurities  
Frustration and anxieties, wohoh  
I like seeing in families, wohoh

Now there's hope for everyone  
It says so on channel 1  
Really life has just begun, wohoh  
Peace on Earth and Kingdom Come, wohoh

Now depends on what you see  
I get it all from my TV  
I tuned it in so it's blurry  
But it's good enough for me  
Good enough for me  
Good enough for me  
Good enough for me  
But it's good enough for me
