You rock I roll
Crazy love affair
I rock you roll
Baby I don't care
Gratify and satisfy
I wanna captivate
Delighting inviting
Girl let`s make a date

Get loose get close
Busy or lost
I`m that path you gotta cross
Pleasure and a little pain
Let`s go there and back again

I rock you roll
Baby I don't care
You rock I roll
Stay and make a pair
Believe it or not
I got feelings too
Ain`t nothing like the one
When I`m feeling you

Get loose get close
Busy or lost
I`m that path you gotta cross
Pleasure and a little pain
Let`s go there and back again

I rock you roll
Baby I don't care
Can't dance we'll stroll
Just stay and make a pair
You rock I roll
Crazy love affair
I rock you roll
Baby I don't care

"God I love it when you`re domineering..."

You rock I roll
Crazy love affair
I rock you roll
Baby I don't care
