Big Audio Dynamite

Plug is a thug and drugs are for mugs  
Adolf's that runt from the National Front  
Drop in the shop, it's all coming on top  
I'm cross with the boss, but no way could I give a toss

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free

I'm addicted to fags and I'm out on the blag  
And this worm on the firm has been giving me ag  
I'm sore I'm at war, man, this is hardcore  
And it's such a bore, gonna check myself in to the second floor

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free

And it really ain't fair for the geezers down there  
In the pits of despair and the thousand yard stare  
I don't easily scare but you'd better beware  
The who, why, what, and where, doesn't anyone care?

Had a smoke with this bloke, had a poke for a joke  
But the pace in this place, had to smash in his face  
I gave Dick a kick, 'cause he's such a prick  
Gonna run outta luck, but really I don't give a fuck

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free

And I'm down forty days, and I sleep and I sweat  
And it buzz in your head and I swear in my bed  
Go, I guess, solve it out and I'm out, I'm about  
Could take care and I get to share

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free

Insane

On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free  
On the psycho wing and I ain't done nothing  
On the section 3 when I oughta be free
