

Stalag 123

Big Audio Dynamite

I`m fixing on a jail break
But the door is open wide
Stuck in Stalag 123
And there ain`t no one to bribe

I got the Studio Blues
And some other bad news
The basements been swamped by a flood
I got the Studio Blues
And it`s ruined my shoes
My Boogies all covered in mud

Daydreames of the great escape
Of music on the run
Do an Albert R N
And go straight to number 1

I got the Studio Blues
And some other bad news
The basements been swamped by a flood
I got the Studio Blues
And it`s ruined my shoes
My Boogies all covered in mud

No windows no air and second hand gear
We`d only stop for tea
Digital toys Rizla and Playboys
Some kind of democracy

Called the Studio Blues
And some other bad news
The basements been swamped by a flood
I got the Studio Blues
And it`s ruined my shoes
My Boogies all covered in mud

I got the Studio Blues
And some other bad news
The basements been swamped by a flood
I got the Studio Blues
And it`s ruined my shoes
My Boogies all covered in mud
