

5-10-15 Times

Big Bad Voodoo Daddy

I say 5, 10, 15 times I love you (I love you)
Yes, I see blue skies above you (Above you)
Well I'm loving ya' baby, it drives me crazy, ah, get it down,
dig it now

I can't stop thinking about you (About you)
And there's nothing here on Earth I'd put before you (I love yo
u)
So trust me when you take my hand I'll do my very best I can

I can't see myself loving anyone but you dear
I'm better with you here (yeah)
'Cause there's nothing left to say
And there's nothing left to do
'Cause baby, I'm in love with you!
