

It Only Took A Kiss

Big Bad Voodoo Daddy

It only took a kiss To know this Baby, I'm in love with you
Wind look, it's all it took To say I do

And baby, when you smile, I'd walk a mile, Oh, just to be with
you. For a chance At that glance That says "Me too".

So when it comes to those Other guys, This may come as no surprise:
I don't get jealous, I don't worry, 'Cause I love you.

It only took a kiss But what a kiss And baby, I love you. What
a look, oh, your look That says "I do".

And baby, I agree, I'd rather be Nowhere else but here, my dear
. There's no place (No place) I feel so safe (So safe) Here with
h you (Here with you)

It's like finding a penny And picking it up And all day you'll
have good luck.

It only took a look, It only took a smile, It only took a kiss.

It only took a kiss (I know you'd say that) To know this Baby,
I'm in love with you (You're in love with me) Wind look, it's all
it took To say I do (You know I love you too)

And baby, when you smile, (Why should I question) I'd walk a mile,
Oh, just to be with you. (How I feel for you) For a chance
(You make me feel brand new) At that glance That says "Me too".

So please believe me when I say I've never felt this way. And trust
me with your heart I knew right from the start..

It only took a look, It only took a smile, It only took a kiss.

It only took a look, It only took a smile, It only took a kiss.

It only took a look, It only took a smile, It only took a kiss.
