

# Let It Roll Again

Big Bad Voodoo Daddy

(Let it roll again!)

Let it roll again! (All night) Let it roll again! (All night long, oh!) You let it roll last night Everything was right Hey, baby, c'mon and roll!

Let it roll again (All night) Let it roll again (All night long, oh!) I'm gonna blow my top If you make me stop Hey, baby, c'mon and roll !

I'm gonna jump and shout Let it out with a feeling I'm gonna rock my soul with the steady flow 'till I'm feelin'

Let it roll again (All night) Let it roll again (All night long, oh!) Let the good times roll before we get too old Hey, baby, c'mon and roll

(Let it roll again!)

(You let it roll till one) I was havin' me some fun (You let it roll till two) What else could I do? (You let it roll till three) It gotta be the best of me But it started to roll when clock struck four (You let it roll till five) Oh, I love that jive (You let it roll till six) I was gettin' my kicks (You let it roll till seven) I've found heaven But I didn't get straight till the clock struck eight

Let it roll again (All night) Let it roll again (All night long, oh!) You let it roll last night And the night before So c'mon, baby, let's roll it some more!
