

Still In The Mood

Big Bad Voodoo Daddy

Now I'm still in the mood for romance I'm still in the mood for
love You see, I can't help thinking about you And I hope that
you don't mind

You see, when I kiss your lips and look into your eyes My head
starts spinning and my heart replies That I'm still in the mood
for romance I'm still in the mood for love

Now I know you've heard this said before I've said it a few tim
es myself You see, I can't help singing about you And I hope th
at you don't mind

You see, when you hold my hand and whisper in my ear My heart s
tarts pounding and it's also clear That I'm still in the mood f
or romance I'm still in the mood for love

Now, I would live my life from an old ground sack I'd do that j
ust for you I'll cancel all appointments to a litigious patient
So baby, I could spend more time with you

Now, I'm still in the mood for romance I'm still in the mood fo
r love You see, I can't help singing about you And I hope that
you don't mind

You see, when you hold my hand and whisper in my ear My heart s
tarts pounding and it's also clear That I'm still in the mood f
or romance I'm still in the mood for love

Yes, I'm still in the mood for romance I'm still in the mood fo
r love

Well, I'm still in the mood for romance I'm still, I'm still, I
'm still in the mood for love

I'm in a mood for love The birds are singing, the band is swing
ing Happy days are here again
