

## Upton Heath

Big Big Train

Many times I've walked alone here  
Carried with the breeze  
And many more have walked beside me  
Carried with the breeze

All that we are  
And all we shall be  
Walk with me  
Up on Upton Heath

So many times I've walked alone here  
Carried with the breeze  
And many more have walked beside me  
Carried with the breeze

And all that we are  
And all we shall be  
Walk with me  
Up on Upton Heath

Early distant warning finds us lost along the way

The echoes of a perfect summer  
Lost along the way  
Through the years

So many times I've walked alone here  
Carried with the breeze  
Many more have walked beside me  
Carried with the breeze

All that we are  
All we shall be  
Walk with me  
Up on Upton Heath

So many times I've walked alone  
So many times along the road  
Many times I've walked alone here

Many times I've walked alone here  
Carried with the breeze
