

Wouldja

Big Black Delta

If I were scared most everyday
Would you go or would you stay
Always needing your affection
And reminding you every hour and minute to come

If I were weak could you forgive me
And if I can't decide could you forget
Buzzing like the fly inside the tent
Would you stay or would you regret

Will you keep on loving, keep on loving me
Will you keep on loving, keep on loving me
Will we keep on repeating the things that we do
As fractals were spinning around
Will you keep on loving, keep on loving me

I was told I ask for a lot
Being special is how I was taught
On and on and on with my demands
On and on and on with expensive plans

Will you keep on loving, keep on loving me
Will you keep on loving, keep on loving me
Will we keep on repeating the things that we do
As fractals were spinning around
Will you keep on loving, keep on loving me

I come crumbling down like a building
Crumbling down on you
What does that say about you, baby
