

## I Can Be Killed

Big Black

Say, John, shut me up  
Kill my dad  
He is weak  
Tried to shut me up  
I just want away  
Keep me quiet  
While I'm away  
Shut me up  
The only way  
To keep me quiet  
I can be killed  
I can be killed  
Come on  
Go ahead, come on, do me in  
Come on, face the dark  
Gotta knock me off  
Come on, come on, come on, shut me up  
Try to keep me quiet  
That's the only way  
To shut me up  
Come on  
I can be killed  
I can be killed  
Come on
