Big Boi

Nuts hanging, chain gleaming  
Thrive, young nigga, fuck maintaining  
Struggle take the hunger thoughts and rearrange 'em  
Look back on how far we came for motivation (For real)  
Nuts hanging (Nuts hanging) chain gleaming (Chain gleaming)  
Thrive, young nigga, fuck maintaining (Fuck maintaining)  
Back against the wall, but we came swinging (Yeah)  
Now we flex on niggas just for recreation, yeah (Uh)

Recreational like marijuana  
I'm in the sauna on play-cation with somebody daughter  
Bitch, I like the water, beach boy from the coast of Georgia  
I plant my feet in the sand and walk a mile and make my toes stronger  
Foundation, boy, fuck you talking 'bout?  
Niggas huffing and puffing but never blow the house  
Down, they get up when I tilt my crown  
At attention they be standing, just salute me or bow down  
Joker, clown-ass niggas  
We come in peace, but leave niggas in pieces, itchy with these trigger fingers  
And they bitches clinging to me like the softener of the fabric  
No static 'cause it's pimping automatic

And I always want you (Always want)  
I love the way you lick me up, oh

Mwah, a lot of lip gloss  
Like that candy on my Cadillac, I send her to Cali to get frost-  
Bitten in a cold world, life is for the living  
Watching murder porn on burner phones, I'm talking police killings  
It's a circus, clown-ass niggas  
We going in circles like The Friends of Distinction, but never convict the  
Trigger-pulling, oath-taking taking knees on a nigga neck  
Fuck a flag and a mask, take back your respect, bitch
