

# Summertime

Big Brovaz

Oh yeah!....you know what?  
I'm envisioning,  
Pretty women, Rims spinning  
All my homies dressed  
In expensive Linnen

It ain't a dream  
That's the life we're livin  
Mov'in up to a new position

People used to look  
And be like, I ain't  
never gonna be shit  
That's until I gotta  
6 Hundred, v dozen full y equipped whip  
And I never stop stacking chips  
Fool, got bling in the chain  
Got bling on the wrist  
And this type of life is priceless  
Cause ain't nothing  
on earth like this  
What you know

When it's hot it gets crazy,  
we pop Krystal on a daily  
Just me and my ladies, we  
know how to make you move  
your feet to the beat  
Can you feel the heat tell  
me sisters do you feel me  
brothers roll with me

Summertime is the time you've been waiting for oh yeah!  
There's always a party  
somewhere round the  
way - oh yeah  
Summertime is the time you've been waiting for oh yeah!

Boys and girls, go
