

Another Country

Big Country

In another country
I lay me down
Beside the waters
I dream aloud

Ha ho ho ho ho ho

I lay me down
Beside the waters
I close my eyes
To dream aloud

The road ahead
Is forever calling
A chance to live
To begin again

In another country
Across the two divides
In another country
I lay down

Wo ho ho ho
Wo ho ho ho
This is another country now

Wo ho ho ho
Wo ho ho ho
Another country born of life

A chance to live
A chance to dream
A chance to be all
You can be

Wo ho ho ho
Wo ho ho ho
This is another country now
So dream aloud

A man stands still
All around is raging
And no need to speak
To make yourself heard

A nation cries out
In the name of freedom
And the human race
Cannot be run alone

In another country
Across the two divides
In another country
I lay down
I lay down
I lay down

Wo ho ho ho
Wo ho ho ho
This is another country now

Wo ho ho ho
Wo ho ho ho
Another country born of life

It has no past
Knows no bounds
Where only the lost
Can now be found

Wo ho ho ho
Wo ho ho ho
This is another country now

So dream aloud

Ha ha ha ho ho ho

Across the two divides

This is another country now

Wo ho ho ho
Wo ho ho ho
Another country born tonight

A chance to live
A chance to breathe
A chance to be all
You can be

Wo ho ho ho
Wo ho ho ho
This is another country now

So dream aloud

Dream aloud

Wo ho ho ho ho ho
Wo ho ho ho ho ho

Wo ho ho ho ho ho
Wo ho ho ho ho ho

Wo ho ho ho ho ho
Wo ho ho ho ho ho

Dream aloud
