

Send You

Big Country

There's a place where all roads end
A place where we can meet again
If things begin to end
I hope that I can make amends

Hey kid there's nothing wrong with you
There's nothing wrong
Hey kid the circus comes to town
But must move on

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you

There's a time when all things slow
When no one else will come or go
When it's time I hope to know
The strength to let me let it go

You know there's nothing wrong with you
There's nothing wrong
You know the show will come to town
But must move on

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you

Hey kid there's nothing wrong with you
There's nothing wrong
Hey kid the circus comes to town
But moves along

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you

I will send you a lullaby
You may not weep, you may not cry
What else am I gonna do
To keep this world from hurting you
