

I see them everywhere, wondering what's next
And I think it's kind of fun seein' them walk around downtown
And they got the new band records
They want everyone to check 'em
they want everyone to see that they did it first
They want everyone to know
They want everyone to care
But it's fun when we don't care, so I tell them like this
woah, yeah yeah, woah oh oh,
(spits)oh yeah
Oh no, oh no, here we go again
It's the life of the perfect scenester
Well, oh no, oh no, here we all go again
It's the life of the perfect scenester
and now they listen to emotional music
When they used to like PUNKROCK
Or maybe now it's chump rock
They swore they never liked punk
They always talk about shows
But I barely ever see 'em
And when I do they're just bummin'
Still haven't figured out that
and we just can't wait wait wait
Wait wait wait
Wait for what they got next
we just can't wait wait wait
Wait wait wait
Wait for what they got next
well,oh no, oh no, here we go again
It's the life of the perfect scenester
Well, oh no, oh no, here we all go again
It's the life of the perfect scenester
and do they do it for the girls?
Yeah,they do it for the girls
But it's all the wrong girls in control of them
Don't worry about everyone else
The best people are themselves
And we don't think you know yourself
well,oh no, oh no, here we go again
It's the life of the perfect scenester
Well, oh no, oh no, here we all go again
It's the life of the perfect scenester
well,oh no, oh no, here we go again
It's the life of the perfect scenester
Well, oh no, oh no, here we all go again
It's the life of the perfect
Calling all the worthless
It's the life of the perfect scenester
