Big Daddy Weave

I am free, free
Because of what You've done for me
I am free, free
And now I walk in victory

I am separated from the power
Of the spirit of this world
My soul is liberated
I am washed in Jesus' blood

I am separated from the power
Of the spirit of this world
My soul is liberated
I am washed in Jesus' blood

I am free, free
Because of what You've done for me
I am free, free
And now I walk in victory

I am filled with Holy Spirit
There is fire in my veins
I've been given all authority
In the power of Jesus' name

And I am seated up in heaven
Where You found me without blame
Resurrection lives within me
I will never be the same

I am free, free
Because of what You've done for me
I am free, free
Now I walk in Your victory

Under the blood of Jesus
I find identity
Under the blood of Jesus
I am alive and free

Under the blood of Jesus
My life has been redeemed
Under His blood
I am alive and free

I am alive and free

I am free, free
Because of what You've done for me
I am free, free
Now I walk in Your victory

I am free, free
Because of what You've done for me
I am free, free
Now I walk in Your victory

You gave Your life to set me free
Now I walk in Your victory
