

# Live Forever

Big Data

Can I get a little more time?  
I need to unravel my lines  
Oh, I'll stay frozen in one place  
Wake me up when it's okay  
Things get smaller by the day  
By the day

I sing  
I wanna live forever, oh  
I wanna live forever, oh  
Don't turn the lights out, I can't see  
Don't turn the lights out on me  
'Cause I wanna live forever

Oh god, I'm feeling it now  
My song is worth slowing down  
I'll get on my knees and pray  
There's nobody in my way  
Things get smaller by the day  
By the day, oh

I wanna live forever, oh  
I wanna live forever, oh  
Don't turn the lights out, I can't see  
Don't turn the lights out on me  
'Cause I wanna live forever

If I could buy a little more time  
All my wrongs could be right  
I could find the love of my life  
I just need a little more time  
Oh, hey

I wanna live forever, oh  
I wanna live forever, oh  
Don't turn the lights out, I can't see  
Don't turn the lights out on me  
I wanna live forever

(Forever, forever, forever, forever  
Forever, forever, forever, forever  
Forever, forever, forever, forever  
Forever, forever)  
Don't turn the lights out, I can't see  
(Forever, forever)  
Don't turn the lights out on me  
(Forever, forever)  
Don't turn the lights out, I can't see  
(Forever, forever)  
Don't turn the lights out on...
