

All I Need

Big Freedia

You're all I need
You're all I need
Through the ups and the downs
You are always around, I know
Somebody prayed
Somebody prayed for me
I got faith on my side
I put that on my life

My mama prayed for me
I didn't know it then, she paved the way for me
Then I turned my dreams into reality
I ain't perfect, but I know that God still works through me
No apology
God'll give me purpose and believe the peace
Save my soul, save my soul, you already know
You already know

You're, You're all I need
You're all I need
Through the ups and the downs
You are always around, I know
Somebody prayed
Somebody prayed for me
I got faith on my side
I put that on my life

Thankful for Your grace (Thank You for Your grace and Your mercy)
That's why I give You praise (Woo, when I think about how good You've
been to me, Lord)

You're, You're all I need (You're all that I need, Lord)
You're all I need (Through the ups and the downs)
Through the ups and the downs
You are always around, I know
Somebody prayed (Will somebody pray for me?)
Somebody prayed for me (I need you to get on your knees and pray for
me)
I got faith on my side
I put that on my life
You're all I need (You're my alpha and my omega)
You're all I need (You're my beginning and my end, Lord)
Through the ups and the downs
You are always around, I know (Yeah, there's no other God)
Somebody prayed (Somebody, won't you pray for me?)
Somebody prayed for me
I got faith on my side
I put that on my life
