

Big Tyme

Big Freedia

Alright!

Ooh

Let's go, let's go

Strong independent woman who don't play no shit
Did it all on my own, that's the way I live
Ice on my neck and all on my wrist
Do not get into the money, not the way I am
That's why you like the way I grind
That's why you like the way I shine
Hustled all my life
That's why I made it big time

Yeah, yeah

Big tyme, like it's '99

Watch me bling bling

All I do is shine

Always stand out

Y'all just stand in line

Mic in my hand right next to the iron

Catch the wall, hoe

Let your drawers show

Go on walk it like a dog

You already know

Sweat for a diva

'Til you're all soaked

Make 'em scream the queen name 'til ya jaw's broke

Mannie Fresh on the beat

Ooh, that's dynamite

Put Kamaiyah on the hook

We got just what they like

Push it up, push it down

We gon' be here all night

If your knees ain't hurtin, you ain't doin it right

Catch the wall hoe

Let your drawers show

Go on walk it like a dog

You already know

Sweat for a diva

'Til you're all soaked

Make 'em scream the queen name 'til ya jaw's broke

Strong independent woman who don't play no shit

Did it all on my own that's the way I live

Ice on my neck and all on my wrist

Do not get into the money, not the way I am

That's why you like the way I grind

That's why you like the way I shine

Hustled all my life

That's why I made it big time

My hot boy and your hot boy was smoking in Desire

My hot boy told your hot boy

"I got some new dick and it's fire"

Talking bout cars, clothes, money, hoes
Anything we want when we walk in the store
Even when they closed
Make 'em stay open
Out here pulling strings
Like I'm Beethoven
Juvie in the club
Make it slow motion
So much jewelry on me
They gon' think that I stole it
Shoes real big
Dick real big
House real big
You should see where I live

Catch the wall hoe
Let your drawers show
Go on walk it like a dog
You already know
Sweat for a diva
'Til you're all soaked
Make 'em scream the queen name 'til ya jaw's broke

Strong independent woman who don't play no shit
Did it all on my own that's the way I live
Ice on my neck and all on my wrist
Do not get into the money, not the way I am
That's why you like the way I grind
That's why you like the way I shine
Hustled all my life
That's why I made it big time
