Showtime, time to shine

Gotta bury your bad boss
With ankle monitors
Gotta hit 'em with bandeauss
They quick pop off
Give a fuck about landlords, when we some outlaws
Baby you could get ran off, a nigga not soft

Ooh, bitch you better (better better)
Ooh, bitch you better

Fuck a hater 'cause you should know better

Touch down on the stage
No, a bitch ain't come to play
Clap clap when I sing, so I know that you're feelin' me
Oh, if you live this loud, show it, show it, show it, oh
It's your moment now, sing it, sing it, sing it, shout

You gotta work it, work it, work it, work it
