Let It Rain

Big Freedia

Rain, blessings start to fall like
Rain, pain washes away like
Rain, whenever I call, let it rain

I been through the storm, I been through the rain
I been through so much, can't even explain
I kept on praying for something to change
To get to the sun, I need God's rain

So let it rain on me like a tornado
Keep it overflowing over me like a volcano
I know I was holding on to pain, I had to let go
Made it through the night, I made it through the light, I, I, I

Rain, blessings start to fall like
Rain, pain washes away like
Rain, whenever I call, let it rain
Rain, blessings start to fall like
Rain, pain washes away like
Rain, whenever I call, let it rain

Look at what God did, look at what God did
When I was calling, rain started falling
Look at what God did, look at what God did
Let it rain on me, let it rain on me

Wash me and cleanse me like holy water
Bless all your sons and all your daughters
He said spread the word, so now I'm gonna
'Cause after the rain comes every color

So let it rain on me like a tornado
Keep it overflowing over me like a volcano
I know I was holding on to pain, I had to let go
Made it through the night, I made it through the light, I, I, I
