Big Freedia

Life lessons
Life lessons
Life lessons
Life, life, life lessons

I get it from my mama
Learn life lessons ain't messing with that drama
Hey

Learn life lessons ain't messing with that drama
Hey

Learn life lessons ain't messing with that drama
Hey

Hey

Once upon a time, long time ago
Big Freedia, Big Freddie, big heart of gold
I was a choir girl and a mama's boy
Yeah the whole 3rd ward, yeah they knew my voice
I made the grades
I made 'em shake
But everyday
I see heartbreak
I see the pain
I see the rain
But mama said better days ahead

So we gon' keep on trying for that better luck
So we stay out of trouble we ain't acting up
And we gon' keep it humble we ain't acting tough
And if your cup is empty God'll fill it up
So we gon' keep on trying for that better luck
So we stay out of trouble we ain't acting up
And we gon' keep it humble we ain't acting tough
And if your cup is empty God'll fill it up

I get it from my mama
Learn life lessons ain't messing with that drama
Hey
I get it from my mama
Learn life lessons ain't messing with that drama
Hey
I get it from my mama
Learn life lessons ain't messing with that drama
Hey
I get it from my mama
Learn life lessons ain't messing with that drama
Hey

Well you can
Miss me with that drama
I be stepping out the way
Ayyy
I do what my mama say

And if you coming at me
Best be moving out the way
Ayyy
No no not today
I ain't jealous, I'm just wishing you the best
My mama said the world would put me to the test
She taught me how to hustle, grinding for success
Mama gave ya Freedonia, now the whole world blessed

So we gon' keep on trying for that better luck
So we stay out of trouble we ain't acting up
And we gon' keep it humble we ain't acting tough
And if your cup is empty God'll fill it up
So we gon' keep on trying for that better luck
So we stay out of trouble we ain't acting up
And we gon' keep it humble we ain't acting tough
And if your cup is empty God'll fill it up

I get it from my mama
Learn life lessons, ain't messing with that drama
