

Louder

Big Freedia

(I got the power!)
(I got the power!)
(I got the power!)

Every time I walk up in the motherfuckin' room
I make heads turn and they mind go boom
Slayed so hard, big faces need a broom
Kill 'em softly then I put 'em in a tomb
Walk up, walk up, walk up, walk up, walk up in the room
Make her, make her, make her, make her minds go boom
Money, money, money, money, money need a broom
Put 'em in a, put 'em in a, put 'em in a tomb

If you think that you're on top it's time to reevaluate
I've been bookin' bitches left and right and I got shit to say
Honey, don't step out of line and bitch, you better know your place

I'm screaming and screaming it louder
I got the, I got the power (I got the power!)
Bitches can't help but be sour
I got the, I got the power
I'm screaming and screaming it louder
I got the, I got the power (I got the power!)

If you wanna start a fight, I got the upper hand
Fake hoes screaming (Freedia!) like they my biggest fan
Face down, ass up, watch me do my power dance
I'ma stand the fuck up in my power stance
Upper, upper, upper, upper, upper, upper, upper hand
Biggest, biggest, biggest, biggest, biggest, biggest fan
Do my, do my, do my, do my, do my power dance
Power, power, power, power, power, power, power stance

If you think that you're on top it's time to reevaluate
I've been bookin' bitches left and right and I got shit to say
Honey, don't step out of line and bitch, you better know your place

I'm screaming and screaming it louder
I got the, I got the power (I got the power!)
Bitches can't help but be sour
I got the, I got the power
I'm screaming and screaming it louder
I got the, ooh

Hands on the ground, ass in the air
People talk shit but I just don't care
Hands on the ground, ass in the air
People talk shit but I just don't care
Tear it down
Act a clown
Tear it down
Act a clown

Tear it down to the motherfuckin' ground
And make your ass go around and around
The Josephine hoes 'bout to shake, shake, shake
The Melpomene hoes, pussy popping today

They gotta go home, 'bout to represent y'all
The Magnolia hoes 'bout to shake it like a dog
Won't you tear it down, tear-tear it down
Won't you act a clown, act-act a clown

If you think that you're on top it's time to reevaluate
I've been bookin' bitches left and right and I got shit to say
Honey, don't step out of line and bitch, you better know your place

I'm screaming and screaming it louder
I got the, I got the power (I got the power!)
Bitches can't help but be sour
I got the, I got the power
I'm screaming and screaming it louder
I got the, I got the power (I got the power!)

Tear it down, tear it down, tear it down
Won't you act a clown, act a clown, act a clown
Oh, I tear it down, ah, I act a clown
Tear-tear it down, act-act a clown
Tear-tear it down, tear it down, tear it down
Oh, I act a clown, I act a clown, I act a clown
Tear-tear it down, act-act a clown
Tear-tear it down, act-act a clown, oh
