Big Freedia

Ooh, child  
How y'all doing this evening?  
I wanted to slow it down just a little bit  
Uh, ah, uh, ah, uh, ah  
I say uh, ah, uh, ah, uh, ah, uh, oh

I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Nutcracker, nutcracker (Oh)

Niggas, they be pressing me, they know that I'm the boss  
Ain't no second-guessing me when I lay down the law  
Ask me 'bout my recipe 'cause I stay in the sauce  
Guess it's just my destiny, put that on Freddie Ross

I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Nutcracker, nutcracker

Ooh, child  
Let me break it down just one more time for y'all  
We gon' go to church right quick

Coming for my energy 'cause I be on that soul  
They be on that Hennessy to see me at my show  
Praying for my enemies who chasing my rainbow  
'Bout to preach, but then I see that you already know

I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Nutcracker, nutcracker

They shook, they shake for the diva  
I move that weight like a dealer  
I make earthquake from the speaker  
Ain't no mistake, best believe, ah  
Best get out my way  
'Cause I came here to slay  
I don't have time to play  
Tell Satan not today, ah

We gon' break it down for the motherfucking haters

Often imitated, but never duplicated  
Oh yes, baby, I said it  
We gon' keep on grinding and we gon' keep on shining  
Ya heard me?  
Y'all got to feel this shit  
I said y'all got to feel this shit

You got me fucked up 'cause I'm bucked up  
So I'm coming up in your lane  
Bitch, you said the shit and I heard the shit  
And I'm 'bout to go insane  
It's that no painin' and no gainin'  
I'm Betty Wright in your brain  
You hoes keep fucking with me  
Bitch, I been making my change  
Bitch, I been doing my thing  
Bitch, I been stepping on planes  
You fucked up when you Googled me  
I been started this game  
So slide, let's ride  
Light the spliff, take a puff, oh my

I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Bustin' heads, bustin' heads  
I'm a nutcracker  
Nutcracker, nutcracker
