

Revival

Big Freedia

Get up like a revival
Sing like you're in the choir
Preach like you're inspired
Move like you're on fire
Oh, Father, holy water
Sisters and brothers, love one another
Screaming and shouting, there's something about it
The love that they got makes me fall to my knees
Lord, please

Hey, hey, hey, hey, it's a revival
Get up, up, up and bring your Bible
Meet me down here by R-I-V-E-R
Play with the faith, you won't make it too far
Open your eyes up and open your heart
God made the galaxy and made you a star
Bring your confessions
Trade 'em for blessings
Sometimes I worry, have to pause and reset
It's a revival, can't you feel it? Yeah

Get up like a revival (Get up, get up, get up)
Sing like you're in the choir (You got to sing)
Preach like you're inspired (You got to preach)
Move like you're on fire (Move it like you're)
Oh, Father, holy water
Sisters and brothers, love one another
Screaming and shouting, there's something about it
The love that they got makes me fall to my knees
Lord, please

Welcome to the Big Freedia revival
This album is for everybody
We are spreading love
We are spreading joy
We are spreading hope
If you have your Bible, open it up
If you don't have it, it's alright
But I need y'all to do one thing for me
Get up, get up, get up, get up, get up
Get up, sing

Get up like a revival
Sing like you're in the choir
Preach like you're inspired
Move like you're on fire
Oh, Father, holy water
Sisters and brothers, love one another
