

Fluorescence

Big Gigantic

When the day turns to night
I begin to see light
Shadows fall but I glow
Burning brighter in the gold

Through the dark I remain
Shining through the midnight rain
Calm desire, cosmic bloom
Radiate, shine like noon

I'm a fire in the darkness, a whisper in the air
Glowing like a secret, only dreamers get to share
A flicker in the silence, electric in the light
Flawless in sublime, God of love

Keep glowing
Reap sowing light
Keep glowing
Keep glowing

Keep glowing
Reap sowing light
Keep sowing
Keep sowing

Keep glowing
Reap sowing light
Keep glowing
Keep glowing

Keep glowing
Reap sowing light

Flawless in night

Yo, Big G

Flawless in night
